Welcome

We are pleased to bring you the 2nd Elk Trophy Bull & Breeding Stock Auction. Thank you to the consignors for your confidence in Gateway Auction to market your livestock. The Elk industry has been on the move in the last year and there seems to be a shortage in production, so here is an opportunity to increase your herd size & production with great genetics - cows & heifers, herd bulls & semen as well as hunt bulls. We always advise buyers to contact consignors prior to the auction and be as informed as possible before buying. Enjoy the sale and bid with confidence.

Elk Trophy Bull & Breeding Stock Auction

Live Video Auction – Online Bidding Available

Friday, August 9, 2013

Nisku Inn – Nisku, AB

Terms of Sale Agreement

1. All buyers are required to settle their account with Gateway Auction Services Ltd. in full at the end of the auction. Payments will be accepted by cash, valid cheque, bank draft, Interac, Visa, Mastercard or Discover Cards. Driver's license or some sort of positive identification will be required for cheques. N.S.F. or stopping payments will not be tolerated.
2. The sales management, auctioneers and employees act as agents for the seller, but assume no liability for either buyer or seller. Any representations made by the sales management are on behalf of the seller.
3. Every effort has been made to ensure correctness of the catalogue, however, owners, auctioneers and agents will assume no responsibility for errors or omissions and assume no liability as to any statements, either written or verbal, regarding any elk sold other than the information given was given “in good faith”. Any known correction will be made at sale time and will take precedence over the catalogue. Buyers are encouraged to contact consignors directly for full details of animals.
4. Each lot of animal(s) will be sold by auction to the highest bidder. The auctioneer reserves the right to accept or reject any bid and in all cases of dispute the auctioneer's decision shall be final.
5. All sales are final. Under the 'Public Auctions Act' the buyer enters into a binding contract when the Auctioneer says 'SOLD'. The buyer is financially responsible for payment according to the 'Terms of Sale'. Ownership of the animal(s) passes from seller to buyer when the financial matters are completed at the end of the sale. Liability becomes the responsibility of the buyer at this time.
6. All buyers must register for the sale and agree to the terms of sale. Upon which time they will receive a bid card.
7. If and/or when it is announced either in the sales catalogue or at the time of auction that an animal(s) has been pregnancy tested or had specific health test it is understood that the seller has provided a written statement to that effect signed by a licensed veterinarian, CFIA District Veterinarian or Alberta Agriculture & Rural Development personnel. There will be no further guarantee in regard to these tests.
8. All sellers have registered their animal(s) for the sale and have provided all necessary information required on the Animal Registration Form and the CFIA TB Confirmation Form.
9. After the Catalogue is printed, any additional lots will be added to the Power Point presentation for the sale and will be included in the online catalogue that will be available from www.gwacountry.com
10. All elk are sold “AS IS”. There is no guarantee of any kind as to the soundness, condition or quality of any elk sold in this sale, except in the case where the owner makes a specific guarantee. In such a case the guarantee is strictly by the owner and not by the sales management.
11. All arrangements for the physical transfer of the animal(s), their care, responsibility of and liability for them is to be arranged privately between the buyer and the seller. We recommend the buyer purchase insurance.
12. Any person attending this auction does so at their own risk, and no liability, duty, obligation and/or responsibility shall be imposed upon the consignors or any of their agents for any accident, injury, mishap, theft, damage and/or harm regardless of the source of the imposition.
13. All buyers agree to be bound by the above terms of sale agreement.

Here is our super package, our only "Kingson" Direct daughter offered for sale this fall. "Kingson 03J" our grandsire was picture perfect velvet this year and at 14 years old cut an amazing 39.6 lbs of premium velvet. Alberta's 2009 Mature Typical Hard Horn 2nd place winner of 436 3/8" score. Typical, clean and big. When you've been blessed with a grand sire of this caliber after 26 yrs of elk breeding, you realize how valuable these genetics become. This young heifer is awesome and we are pleased to share our success with someone else!! She was 420 lbs in April 2013 and 8way vaccinated,dewormed.

		ABEG260 / Canadian Elevation	

Tip-Top is a clean typical 6x6 and scored 311" green at 2 yrs. Reed bloodlines on top and bottom. Raisin Bread scored 432" official and was first place that year at Expo and 5th at NAEBA. Acceleration's long tines are pushing through on the Dam's side. So here is a chance to get some typical Tip-Top Levi genetics in your herd. Levi syndicate sold out in 2012 and 2013. Semen will be transfered to buyers name and buyer will be responsible for storage and shipping expenses. NOTE: Semen will be sold by the straw but you must take all 5 straws. So it will be 5X the bid price. www.glenparkelk.net

This young female sells AI bred to Strauss and can be picked up before breeding season with a straw of Strauss or after our AI date. She has many years of production ahead of her. Her sire ARRC 14N scored 427" in hard antler and cut 39 lbs of velvet. Her Dam AGMW 43J goes back to Zeus and has had a calf every year. Now add in the amazing genetics of Strauss who was 342" @ 2 yrs with 48" of width, and she will produce you an amazing offspring.

Lot #30 5 Straws Semen "Escalade" ASEU927

Levi ASEU501	Cobra AFRI48J	Manitoba Weapon AJEL39E
		Quick Silver AFRI63 ASIM370
	ASEU4M	Whiplash
ASEU506	Scorpion	AFRI58H / King
	ACAM557	King ACAM117

Does LEVI pass his genetics on? ABSOLUTELY! Look at this father/son combo and you can see how similar their antlers are. Escalade scored a fantastic 409" green score at only 3 years of age – a future champion! His mom is a Scorpion daughter. Scorpion comes to us from the famed Iron River Elk Ranch and scored over 561" at 6 years! Escalade is bound to score 500" soon and with his pedigree on both sides he could be pushing the 600" mark! NOTE: Semen will be sold by the straw but you must take all 5 straws. So it will be 5X the bid price.

Lot #31 5 Straws Semen "Commander"

Python	Cobra	Manitoba Weapon AJEL39E
	AFRI2L	Sultan AFRI15J
ASEU10N	Quick Silver	Korean Gold AOLD196
	ACAM557	King ACAM117

For those of us who need a shot of something "Double Double" to get us going in the morning, we now have an option of "Triple, Triple" to get the breeding season started, our suspicions are being confirmed as we are watching Commander grow his 2013 hard antler set. COMMANDER IS THE TRIPLE PURPOSE BULL - Velvet, Meat and Trophy!! Here is a bull with pedigree and production. He is a Python son out of a Quick Silver dam. Our best bulls including Levi, Laramie, Chief and Commander are all out of Quick Silver dams. ***VELVET*** - Both Python and Quick Silver excelled in velvet production and Commander has already cut 47.52 lbs at 4 years. We are estimating that he would have cut approx 55 lbs at 5 years if we had cut him this year. Quick Silver is a Korean Gold son. Korean Gold was the second bull in North American history to break the 50 lb barrier in his day. ***MEAT*** - Commander weighed 1000 lbs pre-rut as a 2 year old - 20-25% heavier than his age mates on the same feed. He is a huge bull with an exceptionally calm disposition. I guess when you are that big there aren't too many "comers" that you worry about. ***TROPHY*** - This is the first time he is being grown out in hard antler and he definitely has the "wow" factor! Commander has always had a long beam when he was cut in velvet which we thought would increase his trophy score. Hidden in the pedigree is the tine length from White Lightning. Quick Silver is from a White Lightning dam, and Commander's maternal grand dam is actually a half sister to White Lightning - both being sired by Northern Star. He is still growing at the time of this writing, but we are estimating him to score in the mid 400's at 5 years. NOTE: Semen will be sold by the straw but you must take all 5 straws. So it will be 5X the bid price.

Lot #32 5 Straws Semen "Hok"

High Octane	Bullwinkle	-
	TSHN39W	-
ARED17J	King	-
	ARWS365	-

Stats: 2yrs = 15.80 lbs, 3yrs = 25.30 lbs, 4 yrs = 30.36 lbs, 5 yrs = 34.38 lbs, 6 yrs = 41.40, 7 yrs = 36.57 lbs, 8 yrs = 480", 9 yrs = 522" HOK has always been a farm favorite as he was one of the first assisted births on our farm. Steve & Barry Chernuka of Glen Park Elk have a couple of gorgeous looking HOK sons - they are the best bulls in their age group with nice tine length and width. HOK scored an impressive 522" in 2012 with a 56" spread. His sheds were scored by Kim Kafka, an SCI Master Scorer, at the AEC Convention held in March of this year. HOK has a typical mainframe with some non-typical points. He boasts a 56" spread and will add tops to your herd. Unfortunately, HOK broke one side out of his head from fighting this winter and now has damaged antler growth, so we cut his velvet and will see if he will recover next year. His testicles however are still good and semen is available. With a greater focus on hard antler in the Elk Industry, here is a bull that looks good and scores well. NOTE: Semen will be sold by the straw but you must take all 5 straws. So it will be 5X the bid price.

Lot #33 5 Straws Semen "Lincoln" ASEU925

Levi ASEU501	Cobra AFRI46J	Manitoba Weapon AJEL39E
		Quicksilver AFRI63 ASIM37O
	ASEU4M	APEA12
ASEU644	AWIN20K	AWIN2G G.M. Brutus
	AHUB11K	ACPD0060 AHUB445

Stats – 2 yrs = 15.48 lbs, 3 yrs = 22.77 lbs Hey, look at me! I want some attention too! Just because I don't have a "coat of many colors" doesn't mean that I am that much worse than my brothers – Escalade, Strauss & Tip Top. When I was growing up my dad, LEVI, told me that I could do "anything that I set my mind to" and I intend to make my dad proud by growing big antlers! I'll show my brothers that I too have the potential to be a 500"+ scoring bull in a year or two!! NOTE: Semen will be sold by the straw but you must take all 5 straws. So it will be 5X the bid price.

66K is an excellent Hard Horn Bull - typical 6 X 7 - wide spread. He'll make an excellent breeding bull for typical Hard Horn offspring. His sire Okimaw Cree placed 2nd at the NAEBA competition at 3 yrs of age. Okimaw Cree's genetics transfer has and is very evident through the many bulls we have brought to Elk Expo - always came home with ribbons! He is very heavy beamed, wide typical hard antlered bull and his offspring are all good velvet producers and excellent hunt bulls. 66K's dam, AECF 4G was sired by a 435 SCI Typical Bull that produced several super quiet offspring and who produce excellent velvet and hard antler.

Elk Country Farm

TYPICALly the best in Breeding & Trophy Bulls!

Terry & Glenda Elkow

Phone/Fax: (780) 875-7051 or
elkcountry@telus.net

Elk Country Farm is home to an extensive herd of mature velvet/very typical hard antler bulls. Our breeding program has been intentionally focused on exceptional velvet production while always maintaining a very **"typical"** style antler. We are pleased to offer for sale 2 lots that are a sample of years of that proven program. These two hard antler bulls will make great breeding bulls or hunt bulls. As part of this sale, we would like the option to "buy back" the second best male offspring (at 2 yrs of age) of each of these bulls from the purchasing farm - DNA match required.

Elk Country Farm has been on the National Voluntary Herd Certification Program since it was established in 2003 and have been **"certified status"** ever since 2007. Whole herd TB tested 2012.

Elk Country Farm will be expanding the herd upon our pending move to a larger farm. Today we're offereing only a small sample of our herd through these 2 bulls that we feel will make excellent breeders on any velvet or shooter market oriented farm.

Son of Pocono

49J

Sired by **Pocono ABEG 276** - 455 6/8 SCI @ 15 yrs (No Non-Typical) - placed in top 10 Typical SCI Records - Pocono is from **Canadian Elevation** Dam - **AECF 5F** - sired by **Rambeau Cree** - another typical, excellent Hard Horn Bull

49J is a good dispositioned bull, grown out this year - 6 x 8 typical
